

TELEPHONE EXCHANGE CARRIERS OF ALASKA

ACCESS SERVICES

4. End User Access Service

4.1 General Description

This section is to define the relationship of the End User as related to access service. There is a Network Access Fee (NAF) charge element to the end user for intrastate access. (D)(N)

The Telephone Company will provide end user access service to End Users who obtain local exchange service from the Telephone Company under its local exchange tariffs and End Users who obtain intrastate WATS service.

End User Access provides for the use of an End User Common Line (EUCL) and an intrastate WATS service by an end user.

4.2 Limitations

- A. A telephone number is not provided with End User Access.
- B. Detail billing is not provided with End User Access.
- C. Directory listings are not included with End User Access.
- D. Intercept arrangements are not included with End User Access.

4.3 Undertaking of the Telephone Company

- A. The Telephone Company will provide the use of an EUCL for access to intrastate access services when the End User obtains local telephone exchange service, or an intrastate WATS service.
- B. The Telephone Company will be responsible for contacts and arrangements with end users.
