

On **Tuesday, November 10, 2009** the Rep Council will conduct its third meeting of the 2009-10 school year. The meeting is at the FEA office at 2118 South Cushman Street beginning at 5:00pm.

Dear Ed Flanders,

My principal has asked me to be "teacher of record" for a couple of classes in my school. These classes are to be taught by an ESSA employee who has a teaching certificate. The principal wants me to write the lesson plans and enter grades for this person. Is this allowed to happen? I will not even know what is going on in the class. Does this affect my certificate?

Sincerely, On Record

Dear On,

It is interesting that you ask about this "teacher of record". You are not unique in the District this year. Here at the FEA office we have been made aware of this happening to teachers at at least four elementary schools.

I spoke with the Executive Director of the Professional Teaching Practices Commission (PTPC) this morning about this practice. She referred me to the Department of Education and Early Development (DEED), who has yet to return my call.

FEA wants to know how many other teachers have been told to be "teachers of record". FEA knows that the teacher of the class can have their name written on PowerSchool instead of your name. Call FEA if you have been asked or told to be a "teacher of record".

More on this issue in upcoming FEAdbacks.

Signed – Ed

ASSOCIATION CALENDAR
