Anchorage, Alaska 99520-3102

TECHNICAL SCHOLARSHIPS

The Anchorage Section of the **Instrumentation System, and Automation Society (ISA)** is offering one (1) scholarship of \$2,000 for the Fall 2004 semester to a student who is formally admitted in a technical field, which is closely allied with process control.

The primary process for selecting the recipients will be based on the applicant's cover letter and resume. Academic achievement will be the second consideration for the award process. All applicants will be notified by mail or telephone on the decision of the awards.

DEADLINE: July 1, 2004

Qualifications

- Applicants must be formally admitted into a Bachelor of Science or Associate of Applied Science degree-seeking program at any University (universities outside of Alaska may qualify). Preference will be given to those applicants attending any campus of the University of Alaska Anchorage or the University of Alaska Fairbanks.
- Applicant must be an Alaskan resident.
- Applicant must be pursuing a degree in a technical field, which is closely allied with process control. Bachelor of Science applicants should be formally admitted into Electrical Engineering, Mechanical Engineering, Chemical Engineering, or Petroleum Engineering degree-seeking program. Associate of Applied Science applicants should be admitted into Industrial Process Instrumentation, Computer Electronics, or Electronics program. (Other degree majors will be considered on a case-by-case basis.)
- Applicants admitted into a Bachelor of Science degree must have completed the following courses with a grade of C or higher:

| | |
|-------------|------------|
| Calculus I | Physics I |
| Calculus II | Physics II |
- Applicants admitted into an Associate of Applied Science must have completed the following courses with a grade of C or higher:

| | |
|-----------------------|---------------------------------|
| Intermediate Algebra | Basic Electricity or DC Physics |
| Process Instruments I | |
- Applicants must have completed at least 30 credit hours with a grade of C or higher at a college level.
- Applicant should demonstrate motivation, academic and leadership potential.
- Applicants must be in good academic standing with a minimum cumulative grade point average of 2.0.
- Applicant must be enrolled in the semester for which the award is made.
