

**Paradise Block & Concrete
Mahi Mahi Road Gravel Pit
HAZARD TRAINING**

Welcome to Paradise Block & Concrete's, Mahi Mahi Road gravel pit. To make your visit a safe one, please follow the safety procedures listed below:

A. GENERAL SAFETY

1. Keep away from moving equipment.
2. Observe all traffic patterns.
3. Never turn your back on moving equipment.
4. Stay in site of equipment operators.
5. Stay away from conveyor belts and moving machinery.
6. Do not get on or off of moving equipment.
7. Do not smoke in 'No Smoking Areas' or near flammable or combustible material.

B. PIT AREAS

1. Never stand, park or work on the top of bank edges where there is danger of caving.
2. Never park or stand at the base of highwall banks, slides or falls of materials may occur.
3. Never work between equipment or machinery and the pit wall or bank where the equipment or machinery would hinder your escape from falls or slides from the bank.
4. Make certain by signal or other means that equipment operators are aware of your presence.
5. Do not park or stand behind equipment due to the operator's limited visibility.
6. Do not enter flagged areas unless authorized.

Once you have become familiar with our gravel pit area, you must follow these rules at all times.
