

Carpool Opportunities

Below is a list of families interested in carpooling. Please contact those that live in your area to arrange a carpool.

Typically the team has a bus to get kids to practice and then back to South after practice. So you don't have to arrange a carpool to practice. (Unless something changes – in which case we'll let you know.) The carpool needs would be home from South after practice. Typically about 3:45 before the snow flies and around 5:00 after we get snow – but check the hotline to confirm when practice is over.

If you would like to carpool Send your name, contact information and where you live to SAHSXC@hotmail.com

Hi,
I would love to help/get help with a carpool for my son. I live at 7045 Tree Top Circle, Anchorage, 99507.
We are up O'Malley off of Crooked Tree-- "in the trees" as people say.
