

Vacancy Announcement

Title:	Mechanic	Announcement Date:	October 6, 2008
Reports to:	Terminal Manager	Closing Date:	Until Filled
Location:	Adak, Alaska	Pay Rate:	DOE
Schedule:	Full-Time	Status:	Non-Exempt

Duties

This position will work in the Maintenance Department at Adak, Alaska. Applicants must have working knowledge of repair and maintenance of heavy equipment, motor vehicles, a variety of motors, pumps, pipelines and minor facility and structural repair (including buildings and docks). Duties will not be limited to maintenance. Applicant should be able to identify replacement parts and materials for order. Perform Quality Control inspections within functional area. Assist other facility workers and support personnel in various jobs and trades. Other duties as assigned.

Education & Experience

High school diploma or equivalent. Must have a minimum of four years as an equipment mechanic. Vocational training in diesel or hydraulic repair is preferred. Welding and fabrication experience also preferred. Must be able to perform the essential functions of the above duties. Ability to understand preventive maintenance and work order scheduling, and complete paperwork associated with each task. Understand Material Safety Data sheets and safe use of any chemical products needed in the performance of work.

Requirements

Position is subject to pre-employment and random substance abuse testing. Class A CDL is required. This position requires work in an environment where the conditions are inherent to an industrial setting, outside in adverse weather, and may require work during non-traditional hours. Must be able to lift, carry, push, and pull 100 pounds.

To Apply, submit resume and completed application to:
