

## nIKO

With this program we have seen major changes in groups as they learn to surrender their individual rights and inter-

depend on each other, as they grow in dependence on God, our Rock.

Niko is a great tool for mission outreach team preparation. It challenges you to interact with other in an intense environment to overcome great obstacles.

### cOMMENTS FROM nIKO qRADS:

"An incredible tool for developing leadership."

# nIKO

Niko is a Greek work meaning: To conquer, overcome or prevail against.

That is our goal for you at Niko, a five day wilderness leadership training program where you step out and discover more about who God has made you to be. Your learning environment will be the great outdoors, the "classroom of life", where you will learn skills vital to working as a team, being a leader and pushing yourself beyond your pre-conceived limits.
